Saigon Times

HCMC – Four international exhibitions, namely Paper Vietnam, Rubber and Tyre Vietnam, Coatings Expo Vietnam, and Plastech Vietnam, were inaugurated simultaneously yesterday, June 14, at the Saigon Exhibition and Convention Center in District 7, HCMC.

The events will run until June 16, with the participation of over 300 businesses from 17 countries and territories, including Italy, the United Arab Emirates, Japan and Taiwan.

This year, India serves as the official partner for the expos.

These expos, organized annually by Minh Vi Exhibition and Advertisement Services Co., Ltd. (VEAS), aim to connect domestic and international businesses and foster cooperation among them.

The occasion brings together leading manufacturers and distributors in the four sectors, showcasing a wide range of product categories such as tissue paper, premium coatings, natural rubber and packaging material.

VEAS will also conduct various seminars during the events, discussing the latest trends in the marketplace with renowned experts, business executives and industry professionals.

To strengthen business-to-business partnerships, especially in the high-end segment, the organizer has launched the “VIP Buyer” program for local and international participants.

The expos are open for free attendance over the three-day period, with an expected turnout of about 8,000 attendees.
