

POST SHOW REPORT

6 - 8/06/2024 | SECC | HCMC

EXHIBITION OVERVIEW

The 9th International Vietnam ICTCOMM and ELECTRONIC Exhibition on Telecommunications, Information Technology & Communications, and Electronics in Vietnam was a success. The event attracted 10,218 visitors, with over 65% of them seeking new and advanced technology products for the telecommunications and electronics industries. We believe this exhibition will contribute to the continuous development of the information technology and telecommunications electronics sector in Vietnam.
