# VIETNAM'S INTERNATIONAL POWER GENERATION, TRANSMISSION, DISTRIBUTION & RENEWABLE ENERGY EXHIBITION & CONFERENCE

**4-6** | SAIGON EXHIBITION & CONVENTION CENTER  
09.2024 | DISTRICT 7, HCMC, VIETNAM

## POST SHOW REPORT

## EVENT OVERVIEW

**Electric & Power Vietnam and Renewable Energy Vietnam** are trade events on technology and equipment coordinated and Electricity and Renewable Energy transmission in Vietnam. In 2024, the event is **co-hosted with HVACR Vietnam**, serving as a prime destination for professionals in Vietnam's electricity, renewable energy, HVAC, and data center sectors. The event aims to stay ahead of industry trends, showcase the latest technologies, and foster new business partnerships.

In addition to the exhibition, numerous activities are organized, including a series of high-quality international conferences and seminars focused on **renewable energy transition, smart grids, data centers, and advanced air conditioning solutions**. The event also features business networking programs and a virtual reality technology experience area dedicated to data centers.

Let's take a look back at the memorable moments from Electric & Power Vietnam 2024, and stay tuned for the next edition of the exhibition from **November 12-14, 2025**.

## Visitor's Review

*The exhibition introduces many fresh elements, boasting a large scale and professional organization. It offers a great opportunity to explore new products on the market. The event also benefits my company and other businesses by showcasing innovative products and advanced technologies that can be applied to enhance production and business operations.*

**Mr. Ha Quoc Phong**

Vice Director - Tan Hoan Cau Electro Mechanical Joint Stock Company

*This year's exhibition stands out with a large number of participating booths, a diverse range of products, and the introduction of many new technologies. I highly value the role of this exhibition in supporting our business activities. It not only provides access to a wide variety of goods but also offers the opportunity to connect with new partners and customers.*

**Mr. Nguyen Phat Loc**

Sales Manager - DNP TECH JSC

*The event brought together a wide variety of booths, featuring products that perfectly aligned with my company's needs. The displays were highly professional, offering comprehensive information for visitors. I was particularly drawn to the air cleaning products on display. Additionally, the exhibition provided valuable opportunities to network, expand business relationships, and stay updated on the latest technical advancements in the industry.*

**Mr. Hoang Van Quan**

Project Sales Manager  
- Viet Thien Engineering and Construction

# “ EXHIBITOR'S Review

The reason is we found that Data Center is important - a green market in Vietnam, and also HVAC also. I think this is the perfect platform for us to be here and present our solutions to the customers. Personally, the organizer is famous in Vietnam. I think we're choosing the right partner to help to present our solutions to the customers. Moreover, I think so far we have seen a lot of customers coming in, and we are also getting good quality leads. Once again, this is definitely a great place for us to present our solutions to customers.

**Mr. Andrew Tan**

Senior Manager - Sales & Product  
Planning - Components Sales Department  
Fuji Electric Asia Pacific Pte. Ltd

**Mr. Liao Wei (Leo)**

Country President, Sany Singapore  
SANY Asia - Pacific BU Sany Group

I think it's a wonderful atmosphere and extremely international. You have a lot of different fields. There are energy intensive, the cooling segment here, and the data center guys are here as well. So, of course, this is for companies that are into voltage regulation. So, we are very happy to be here.

**Mr. Maximilian Reiter**

Area Sales Manager  
Maschinenfabrik Reinhausen GmbH  
(MR Germany)
