ORGANIZERS

COLLABORATING ORGANIZATION

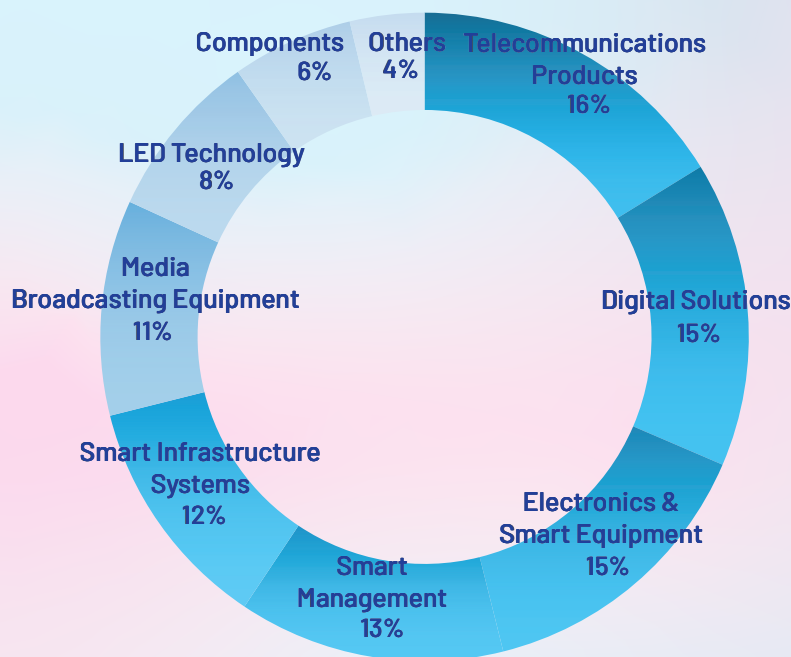

Vietnam ICTComm 2025 – Where Global Technology Meets Business Opportunities

- Marking its 10th successful edition, Vietnam ICTComm – the International Exhibition on Telecommunications, Information Technology & Communications – together with Vietnam ElectroExpo, brought together over 7,500 visitors and numerous international exhibitors, creating a vibrant hub for global tech exchange and business networking.
- As a key platform for companies seeking to enter or expand within Vietnam and the ASEAN market, the exhibition continues to foster strong B2B connections, international cooperation, and breakthrough innovations across the ICT and electronics industries. Vietnam ICTComm 2025 reaffirms its role as a strategic gateway for global technology leaders to connect, collaborate, and grow in one of Asia's most dynamic digital economies.
